

JOIN US for a **Hybrid Symposium** as part of the **Diabetes Update 2024 Congress**

Changing the Story of Type 1 Diabetes

FRIDAY, APRIL 12

3:15 to 4:15 p.m. ET

InterContinental Toronto Centre or Virtual

225 Front St W, Toronto, ON M5V 2X3

LEARNING OBJECTIVES

After attending the symposium, participants will be able to:

- Describe T1D as a chronic autoimmune disease resulting in the destruction of insulin-producing beta cells, and differentiate its various stages
- Discuss the value of different screening approaches for T1D to identify at-risk patient, prevent complications such as diabetic ketoacidosis (DKA) and provide support for families
- Explore strategies for delaying the progression of T1D, including emerging therapies under investigation and approval.

AGENDA

Please note that all times are set to Eastern Daylight Time

3:15 p.m. Welcome and Introductions	Amish Parikh, MD
3:20 p.m. Case Study and Presentations	Amish Parikh, MD and Alice Cheng, MD
